UNLOCKING THE POWER OF AI & DEEP LEARNING :
A VIRTUAL EVENT HIGHLIGHTING CUTTING-EDGE PROJECTS

SCOPE

Join us for an exciting online event on June 26, 2025, bringing together researchers, students, professionals, and AI enthusiasts to present and explore innovative projects in artificial intelligence and deep learning. This event showcases impactful, real-world applications across a wide range of fields, including healthcare, education, agriculture, cryptography, recruitment, and sports analytics.

Participants will explore how AI is transforming these sectors through cutting-edge technologies such as machine learning, neural networks, computer vision, natural language processing, blockchain, and multi-language AI systems. The event promotes open knowledge exchange, interdisciplinary collaboration, and inspiration for the development of impactful, AI-driven solutions to real-world challenges.

Featured Projects

Healthcare

- Medical Chatbot
- Multi-Language Medical Chatbot with Voice Synthesis
- Semi-Automatic Annotation of Mammographic Images Using AI for Enhanced Breast Cancer Detection
- Deep Learning for Leukemia and Brain Lesion Detection
- AI-Powered Pneumonia and Breast Cancer Detection

Education

- Intelligent Academic Guidance Chatbot
- Student Profiling with XGBoost and NLP

Agriculture

- Optimized MobileNet for Tomato Disease Detection

Cryptography

- Blockchain-Based Diploma Authentication

Sports & Fitness

- AI Tennis Analysis System

- Intelligent Fitness Chatbot

AI for Recruitment

- AI-Driven CV Analysis for Recruitment

Smart Systems

- SmartRoute: AI Pathfinding System

Stay Tuned!

The event platform is ready and open for everyone! Join the workshop freely online with no registration required. Join via the link above or by scanning the QR code. If you have any questions, feel free to email us at [Insert Email, e.g., info@aiworkshop2025.com] for the agenda and any last-minute updates.
